Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? No

Product Labeling

Do all hearing aid-compatible handsets include labeling? Yes

Explain:

Do all hearing aid-compatible handsets with the Wi-Fi air interface have clear and effective disclosure that the handset has not been tested for hearing aid compatibility with respect to its Wi-Fi voice operation? No

Explain: N/A - Service provider does not offer a handset with Wi-Fi air interface.

Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? Yes

Website address: www.consumercellular.com/info/phones and
www.consumercellular.com/info/seniorfriendlyphones

Explain:

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: Consumer Cellular ensures that all of our sales and service staff are fully trained on hearing aid compatibility and the level of compatibility for each phone in order to assist customers in their phone selection. In addition, the hearing aid compatibility rating for each phone is clearly provided on our website.

Methodology for Functionality Levels

Entry - entry level basic models. These are entry level, low cost units. They contain basic features and are generally selected for their low price.

Middle – intermediate models. These models are mid-range in price and will have a few more features/capabilities. They also generally have higher resolution screens.

High – higher end models. These models are at the higher end of the cost range for our phones. They will offer the most features of the models we offer and contain the best components.

Report Remarks

Handset 1: Nokia 2760
